Electrical & Fire Safety Compliance Checklist

Use this free checklist to help assess your business's compliance with key electrical and fire safety standards. Answering 'No' to any of these questions may indicate a potential safety or legal risk.

---

1. [ ] EICR: Valid report within the last 5 years?

2. [ ] PAT Testing: All portable appliances inspected and stickered?

3. [ ] RCD Testing: 6-monthly "Test" button check performed and logged?

4. [ ] Fire Alarm: Professionally serviced in the last 6 months?

5. [ ] Emergency Lighting: Professionally tested within the last year?

6. [ ] Weekly/Monthly Tests: Are you self-testing fire alarms and EM lights?

7. [ ] Logbook: Are all tests recorded in a physical or digital log?

8. [ ] Designated Person: Have you appointed a legal "Responsible Person"?

9. [ ] Disabled Alarms: Serviced every 6 months?

10. [ ] Intruder Alarm: Serviced annually (or twice for monitored)?
